**REASON FOR ALLOWANCE**

1. The following is an examiner's statement of reason for allowance:

While the prior art teaches storage means for storing data which describes objects and dependency relationship among these objects, display means for displaying objects and the dependency relationship as a tree which connects image objects corresponding to the objects, means for determining where the image objects is placed on the tree and editing means for editing the description of the data. Specifically, the prior art teaches a hyperlinked relational database visualization system, a method and apparatus for displaying a double-sided graphic image and a data processing system with automated at least partial forms completion.

The prior art fails to teaches a composite form editing apparatus for editing form data, which is constituted of plurality of parts forms to be overlaid on print data comprising pages which constitute form data and parts form which constitute the page. Specifically, the prior art does not teach a tree where the name of the parts form constitute a page composing the form data described in the composite form setting data as well as a type of page indicating whether a page is subject of both side printing with respect to each page

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
